Children's Hospital Colorado

University of Colorado
Anschutz Medical Campus

The Pulmonary Hypertension Association (PHA), The University of Colorado Anschutz Medical Campus, and Children's Hospital Colorado will be hosting its fourth annual **Colorado Pulmonary Hypertension 5K Run for PHun** to increase awareness about pulmonary hypertension (PH) and raise funds for research and education.

This event is unique in its collaboration between adult and pediatric PH centers - the run continues a unique collaboration between two state-of-the-art institutions, while helping to further the mission of PHA, the oldest and leading organization connecting PH patients, their caregivers and medical professionals.
